

The Light House

Homeopathy, Healing & Meditation

Wendy Rose Isbell

REMOTE REMEDIES

Homeopathy is an alternative medicine that helps to support your health.

The remedies are individually chosen, according to the pattern of symptoms that you have.

If you are unable to come to The Light House, you can ask for a Remote Remedy by filling in a form, and giving a list of your symptoms. You can also do this through the Online Shop.

I go through the information that you have given, and choose a homeopathic remedy that can be couriered out to you.

This will usually be sent in a small plastic container containing two medicated tablets.
